Pringle aims to help Cub Scouts earn their World Conservation Award. Our programs are geared towards that goal and we are happy to work with troops on a conservation project to help toward that end.

Pringle also provides overnight opportunities to scouting troops which may help them fulfill other badge requirements. We are open to working with individual troops to develop specific programs to meet their needs. While at this time we do not provide programs for middle and high school scouts, we hope to expand our offerings in the near future.
